Located near the Palermo Soho neighborhood, considered to be the most vibrant and exciting area of Buenos Aires, this ultra luxury apartment is just blocks from the Botanical Gardens, and Palermo Zoo. It is spacious with over 430 sq. feet (40 sq. meters). The apartment gets plenty of sunlight throughout the day due to it's superior location on the 17th Floor of the building. The view of the city both day and night is breathtaking with unobstructed views of the City and skyline.

The apartment is in an upscale brand new building recently completed in September 2009. The building features 24 hours per day/ 7 days per week security guards, 5 modern elevators, pool and gym. It is one of the most upscale buildings in Palermo. The gym is located on the 31st floor and features the most incredible views of the city while you are working out.

The location can't be beat with access to all public transportation both day and night. Only 2 blocks from the apartment, there is a stop on the Metro/subway station (line "D") that connects Palermo Soho with the downtown area, Recoleta, and Belgrano. Many bus lines also stop nearby, and taxis are available at any hour of the day or night.

It is a perfect alternative for those that do not want to be cramped in a smaller hotel room. No expense was spared furnishing this apartment. The furniture is all high-end custom made for this apartment.

The bedroom features a King size bed with a Four Seasons Presidential suite mattress. The bed is custom made with storage space via drawers available below the bed. There is a balcony off the bedroom to enjoy the incredible view and get some fresh air. There is a 32' LCD TV that can be used both in the bedroom and living room in a specially designed room divider so you have total privacy in the bedroom. The TV swivels around to be used on either side so when there is a TV on one side the other has a mirror. There is also a sliding door between the kitchen that gives total privacy.

This apartment is perfect for a longer term stay in Buenos Aires or pampering yourself for just a few short nights. Our company owns several apartments in the same building if you are coming with family, co-workers or friends and all want to stay in the same building yet have your own privacy.
